on

Impacts of Global Change on the Dynamics of Snow, Glaciers and Run-Off over the Himalayan Mountains and their Consequences for Highland and Downstream Regions

2008 -2009

Working Teams

The following Five Working Teams are constituted:

- Climate Modeling and Validation Team
- Climate-Glacier Linkage and Glacier Runoff Modeling and Validation Team
- Remote Sensing Data & Software Support Team
- Consequences Assessment Team
- Coordination Team

The first Four Teams consists of experts in their respective fields from each participating countries and the Coordination Team consists of the PL and country coordinators from respective countries.

Each Team will work out modes of operation and activities to meet the objectives and work plan of the project from their side as well as the requirements of the other teams.

Prof Yao Tandong of China, Dr. Arshad M. Khan from Pakistan, and Dr. Lok Man S. Palni from India have already consented for their participation in the project from their respective Institutions. Dr. Khan has nominated Dr. Ali as country coordinator from Pakistan.

Compositions of the Working Teams are as follows:

Climate Modeling and Validation Team

- Dr. Madan Lal Shrestha, Nepal (madanls@hotmail.com)
- Mr. Munir Sheikh (Head Climatology Section), GCISC, Pakistan (gcisc@comsats.net.pk)
- Mr. Siraj-ul-Islam (Group Leader, Climate Modeling), GCISC, Pakistan (siraj.khan@gcisc.org.pk)
- Dr. Ailikun, CAS, China (aili@mairs-essp.org)
- Mr. Jagadishwor Karmacharya, DHM, Nepal (j_karmacharya@yahoo.com)

Climate-Glacier Linkage and Glacier Runoff Modeling and Validation Team

- Dr. Narendra Shakya, IOE, TU, Nepal (nms.ioe@gmail.com)
- Mr. Ghazanfar Ali (Head Water Section and Glaciology Group), GCISC, Pakistan (ghazanfar.ali@gcisc.org.pk)
- Mr. Shabeh Ul Hasson (Scientific Officer, Watershed Modeling), GCISC, Pakistan (Shabeh@gmail.com)
- Prof. Mitthan Lal Kansal, IIT, Roorkee, India (mitthan@gmail.com)
- Dr. Tao Che, CAREERI, CAS, China (chetao@ns.lzb.ac.cn)
- Mr. Om Bajracharya, DHM, Nepal (omratna@hotmail.com)

Remote Sensing Data & Software Support Team

- Mr. Pramod Sagar Pradhan, Nepal (pramodssp@gmail.com)
- Mr. Muhammad Haroon Siddiqui (Scientific Officer, GIS/Remote Sensing Group), Pakistan (haroon.siddiqui@gcisc.org.pk)
- Mr. Zeeshan Ali (Scientific Officer, GIS/Remote Sensing Group), Pakistan (Zeeshan.ali@gcisc.org.pk)
- Prof. Arun Kumar Saraf, IIT, Roorkee, India (saraffes@iitr.ernet.in)
- Dr. Tao Che, CAREERI, CAS, China (chetao@ns.lzb.ac.cn)
- Mr. Jayandra Raj Shrestha

Consequences Assessment Team

- Dr. Narayan Chaulagain, Nepal (narayan@peeda.net)

- Mr. Kashif Majeed Salik (Senior Scientific Officer, Agriculture Impacts Section)
- Dr. Dinesh Chandra Uprety, Emeritus Scientist, Indian Agricultural Research Institute, India (dc_uprety@yahoo.com)
- Er. Kireet Kumar, G. B. Pant Institute of Himalayan Environment and Development, India (kireet@gbpihed.nic.in)
- Dr. Varun Joshi, G. B. Pant Institute of Himalayan Environment and Development, India (varunj63@yahoo.com)

Coordination Team

- Prof. Dr. Kedar Lal Shrestha, Project Leader, President, IDI, Nepal (klshrestha@wlink.com.np)
- Prof. Yao Tandong, Director, Institute of the Tibetan Plateau Research, China (tdyao@itpcas.ac.cn)
- Dr. Lok Man S Palni, Director-in-Charge, G.B. Pant Institute of Himalayan Environment & Development, India (psdir@gbpihed.nic.in)
- Mr. Ghazanfar Ali, Head, Water Section and Glaciology Group, Global Change Impact Studies Centre, Pakistan (ghazanfar.ali@gcisc.org.pk)
